

NORTH MISSISSIPPI PRIMARY HEALTH CARE, INC.

IMPORTANT INFORMATION REGARDING ASHLAND DRUGS/NMPHCRx

After months of planning and legal groundwork, Ashland Drugs has been acquired by North Mississippi Primary Health Care, Inc. Today, we begin the transition process of NMPHC assuming operational responsibility of what will now be known as NMPHCRx. Unfortunately, as a part of this transition, Ashland Drugs will have to be closed for a few days. We are well aware of the importance of this community pharmacy in our community – our hometown. Unfortunately, we are unable to avoid having to close the pharmacy for a few days. Rest assured, we are working as diligently as possible to minimize this time and inconvenience to our patients and friends and neighbors – our future customers. We expect NMPHCRx to be open no later than Monday, October 26th, although we are trying our best to make that sooner.

We simply ask for your patience during this time and assure you that, in the end, we will soon be up and running and providing the dependable, quality service you have come to expect from both Ashland Drugs and NMPHC.

Thank you for choosing NMPHC. We look forward to serving our hometown as NMPHCRx.

Sincerely,

Bill Stone
